# KEY FEATURES

## ***SUPPORT AND ALIGNMENT:***

Our orthopedic products aim to maintain the spine's natural alignment, reducing strain on muscles, especially on the neck and back. The foam used molds to the shape of your body, head, and neck, providing support where it's needed most.

## ***PRESSURE RELIEF AND PAIN MANAGEMENT***

PU foam and memory foam is known for their ability to distribute weight evenly, which helps alleviate pressure points and reduces discomfort. This can be particularly beneficial for individuals with neck or shoulder pain.

## ***ERGONOMIC DESIGN FOR BEST COMFORT***

Sink into a cloud-like embrace every night with products designed to cradle your body, alleviating any discomfort, and ensuring a peaceful sleep. Crafted with high-density, temperature-sensitive viscoelastic foam, it contours to the unique shape of your body, providing personalized support and pressure relief.

## ***ENHANCED DURABILITY & EASY MAINTAINANCE***

Investing in a mattress is a long-term commitment, and our memory foam mattress is built to last. Crafted with high-quality materials, it offers exceptional durability and resilience, maintaining its shape and support for years to come. With easy cleaning properties, proper rest is now assured for a long time.

# KEY FEATURES

## ***VERSATILE AND COMPATIBLE***

Our foam mattresses are compatible with various bed frames, including platform beds, adjustable bases, or traditional bed frames. Our versatile range of pillows is designed to suit your personal needs, whether it is to relieve pain or just get unparalleled comfort.

## ***HYPOALLERGENIC AND HYGIENIC***

For individuals prone to allergies or concerned about cleanliness, our memory foam mattress is a perfect choice. It is naturally resistant to dust mites and allergens, creating a healthier sleeping environment. Additionally, our products are easy to clean assuring you a hygienic sleeping environment.

## ***BREATHABLE & TEMPERATURE REGULATED***

Sleeping cool and comfortable is a top priority for many individuals. Our memory foam mattresses and pillows are designed with advanced cooling technology with open-cell foam structures, allowing for enhanced airflow and heat dissipation. You can now say goodbye to waking up sweaty or overheated.

## ***CUSTOMISABLE***

We know that comfort is very personal and every individual has their own definition of the best comfort. We make products that cater to your personal needs and customize them to your liking to give you a premium resting experience.

## MULTI-PURPOSE ADJUSTABLE RELIEF PILLOWS

Our multipurpose memory foam relief pillows can be used as a back support to relieve back pain, as a leg elevation pillow to improve blood circulation ensuring post-operative recovery and can be adjusted as required to form a full body support cushion.

## NECK PILLOWS

Our memory foam Neck pillows are designed to provide comfort, support and alleviate the strain on your neck muscles. It cradles your neck, providing a soft, cushioned surface that promotes proper spinal alignment and helps prevent stiffness, soreness, and neck-related aches, especially during extended periods of sitting or sleeping.

## CONTOUR PILLOWS

Made from high-quality memory foam, our Contour Pillow conforms to your individual shape, offering personalized support and cushioning. Crafted with precision, the contoured design of this pillow helps relieve pressure points, promoting proper spinal alignment and reducing muscle tension.

## LUMBAR SUPPORT PILLOWS

This pillow helps reduce the strain on the lower back by providing additional support, which can alleviate discomfort and promote better spinal alignment. It also helps distribute the weight evenly across the lower back, preventing excessive pressure on specific areas, and encourages proper sitting posture, which can reduce the risk of developing chronic back issues.

## PREGNANCY PILLOWS

Crafted from premium, hypoallergenic materials, our Pregnancy Pillow offers unparalleled softness and breathability. It features a unique contoured shape that cradles the body, providing optimal support to the growing belly, back, hips, and legs. This design helps alleviate common pregnancy discomforts such as back pain, sciatica, and restless nights and caters to your changing needs throughout each trimester.

## COCCYX CUSHION

This cushion naturally helps improve your posture by slightly elevating your hips which will help you sit up straight and eliminate pressure on your spine and pelvis. This is most useful for users seated for longer duration resulting from long work hours, partial or total immobility

## LEG RAMP & KNEE WEDGE

The contoured design of our Leg Ramp Pillow and knee wedge follows the natural curves of your legs, providing targeted support to the calves, knees, and ankles. This helps alleviate muscle tension, joint discomfort, and swelling, making it an excellent choice for individuals recovering from surgery, suffering from varicose veins, or seeking relief from restless leg syndrome.

## ARM SUPPORT PILLOW

The ergonomic design of our Arm Support Pillow aligns your arm, wrist, and shoulder in a natural and neutral position, minimizing the risk of pain, stiffness, and numbness. Whether you're recovering from an injury, suffer from conditions like carpal tunnel syndrome, or simply want to enhance your sleeping posture, this pillow is the perfect companion.

## PAIN RELIEF PILLOWS

Designed with ergonomics in mind, our Pain Relief Pillow promotes proper spinal alignment, relieving pain and tension in the neck, shoulders, and upper back. The medium-firm density strikes the perfect balance between plushness and support, ensuring a comfortable and supportive sleep surface for all sleep positions.

## BABY PILLOWS & BEDS

Our baby pillows and beds feature a unique ergonomic design that helps maintain the natural curvature of your baby's head and neck. This design supports healthy spinal alignment and reduces the risk of flat head syndrome, a common concern in infants. The contoured shape ensures even distribution of pressure, promoting optimal development and comfort.

## RING PILLOWS

Don't let pain or discomfort hold you back. Crafted from high-quality memory foam, our Ring Pillow contours to your body's curves, offering personalized comfort and pressure relief. The center opening of the pillow helps alleviate pressure on the tailbone, making it ideal for individuals suffering from hemorrhoids, postpartum pain, coccyx injuries, or those who spend long hours sitting.

## CUSTOMIZED RANGE

Our team of experts is dedicated to helping you find the ideal pillow solution. We take into consideration factors such as your sleep position, body type, and any specific orthopedic concerns you may have. With our personalized guidance, you can confidently select a pillow that is tailored to address your unique sleep challenges or ailments.

This helps promote better sleep and reduces discomfort, making it ideal for pets of all ages, including senior or arthritic pups. We offer various sizes and shapes to accommodate different breeds.

## MATTRESS TOPPERS, PADS AND PROTECTORS

### MATTRESS TOPPERS

Our mattress pads can add a level of plushness and comfort to your standard mattress and can give improved structure for the best resting experience. They can also be used to shield your mattress from spills, dust, termites and other allergens. They offer pressure relief while still providing enough bounce to facilitate movement.

### MATTRESS PADS

Our memory foam toppers can provide a deeper level of pressure relief. It cradles the body and alleviates tension, making it a good choice for side sleepers or lightweight people with very firm mattresses. Since they tend to isolate motion well, they can be opted to reduce sleep disturbances.

### MATTRESS PROTECTORS

Our mattress protectors are suitable for sleepers who want extra contouring without too much sink. Sleepers looking to increase their mattress' firmness level or height can opt for these. They are also used for protection against dust and allergens and are used for patients who often need to change their mattresses.
